Strongest Behaviors

Younes will most strongly express the following behaviors:

- Careful with rules; precise, "by the book", fast-paced, and literal in interpreting rules, schedules and results.
- Detail-oriented and thorough; works to ensure things don't fall through the cracks, and follows up to ensure they're done properly and on time.
- Driven to achieve operational efficiencies: thinks about what needs to be done and how it can be done as fast as possible while maintaining a high-quality outcome. Impatient with routines.
- Formal, reserved, introspective, and skeptical of new people; requires "proof" to build trust in new people.
- Detail-oriented and precise; follow-through is deep and literal to ensure tasks were completed in accordance with quality standards.
- Operationally, as opposed to socially, focused. Thinks, in specific terms, about what needs to be done and how to do it accurately and flawlessly; follows, in a literal way, that execution plan.
- Driven to protect the company against risk by thoroughly leveraging their background and strictly following "the book."
- Cautious; follows a well-established and proven plan to avoid making mistakes. Does the background research necessary to have proof to support decisions before action is taken.
- Detail-oriented and accommodating; most comfortable working as part of a well-defined team for which they produce high-quality output and decisions.

Summary

Younes is a very conscientious person, particularly attentive to, careful of, and accurate with the details involved in the job. Identifies problems, and enjoys solving them, particularly within own area of expertise.

Reserved, serious, and always concerned with the exact correctness of the work. Self-discipline, sense of duty, and respect for authority and tradition are strong qualities in Younes, who takes responsibilities very seriously.

With experience and/or training, Younes will develop a high level of specialized expertise and efficiency. Disciplined and dedicated to the job and the company. Work pace is somewhat faster-than-average, and Younes is motivated by a real concern for getting work done on time and correctly. Discipline and circumspect thinking will lend caution to decision-making; plans ahead, double checks, and follows up carefully on decisions and actions.

A modest and unassuming person, works quite autonomously and decisively in their specialized area. When working outside of their expertise, they'll look to management, written resources, or subject-matter experts for direction. Most effective and productive when working within the field of own specialty and experience, and prefers to stick to the proven way. If it becomes necessary to initiate or adopt change, Younes will need to see cold, hard, evidence to prove that the new way is more efficient, yields high-quality results, and is complete. In addition, Younes will carefully plan the implementation to minimize problems and maximize results.

Social behavior is reserved and accommodating. Will express themselves sincerely and factually and is, in general, rather cautious and conservative in their style. Being very sensitive to criticism, they'll always try to make sure that the work is done right.

Management Strategies

To maximize effectiveness, productivity, and job satisfaction, consider providing Younes with the following:

- Clearly defined work, responsibilities, and reporting relationships
- Work that uses their training, experience, and specialized knowledge (including work that requires identifying, defining, and solving problems within those areas)
- Thorough training whenever needed, and no ambiguity about what is expected
- Security in a stable work environment
- Leaders and co-workers who can be respected and trusted
- Supportive team
- Appreciation of their competence, conscientiousness, and loyalty.
